@JRubinBlogger	as evident in the GOP's rooting for Canada's right-wing trucker blockade protesting vaccine mandates, its goals are chaos, economic self-harm and lawlessness. https://t.co/N4KAL34zMC (opinion)	2/14 8:52
@ctv_jon	Who is funding the #FreedomConvoy? If the leak of @FreedomConvoy donations data from @GiveSendGo is accurate.... The majority of donors to the #FreedomConvoy -- 55% -- are American, which is more than the number of Canadian donors -- 39%.	2/13 22:41
@theJagmeetSingh	Trumpism has divided Americans. Now, it's attempting to divide Canadians. We won't let that happen. Foreign money and actors from the U.S. cannot be allowed to sow division in Canada.	2/13 12:30
@SenJackReed	Extremists applauding the illegal Canadian trucking blockade are really just cheering the loss of American jobs and higher prices for working families and small businesses. We need strong and fully operational supply chains, not clogged bridges, roads, and sick workers.	2/12 16:54

@GovKathyHochul (NY)	My team is monitoring the Canadian truck protest situation on New York's northern border. We have convened an interagency command center to ensure we are prepared for any impacts to New Yorkers.	2/11 20:37

@luizachsavage	'The U.S. Teamsters union issued a statement Thursday saying it "denounces" the blockade, adding: "Our members are some of the hardest workers in the country and are being prevented from doing their jobs."' @JustinTrudeau	Today, @POTUS Biden and I spoke about the illegal blockades at the border – I updated him on the situation, and we discussed the American and global influence on the protests. We agreed that, for the security of people and our economies, these blockades cannot continue. https://t.co/bSJCyNGWuc	2/11 18:18
@GovPhilScott (VT)	Thank you to the @WhiteHouse, @SecretaryPete and @SecMayorkas for providing me and several other Northern border governors an update on the situation on the Canadian border. Keeping supply chains moving is a top priority.	2/11 17:40
@RolandParis	US politicians who are abetting illegal blockades in Canada, presumably to advance their political causes at home, need to understand that foreign interference in Canada's internal affairs may seem cost-free to them, but it will impact bilateral relations.	2/11 12:01
